PROJECT UPDATES

Construction

1. Consolidated Bridge No. 1– BIA Route 0058: The construction of the project is complete.
2. Shungopavi Village – BIA Route 0504: Sealed bids for this project was opened on April 14, 2014. A selection has been made but has not been confirmed until further reviewed of the bid.
3. Low Mountain Road Phase I Box Culverts – BIA Route 0060: Awaiting submittal of the Tribal Resolution to the Hopi Tribal Council; upon consent of the Hopi Tribal Council the Resolution will be submitted to BIA for their approval.
4. Second Mesa Roads – BIA Route 0506: Once the plans have been approved by the BIA-WRO this project can be advertised for construction for the 2015 construction season.
5. Polacca Roads – BIA Route 0603: Once the plans have been approved by the BIA-WRO this project can be advertised for construction for the 2015 construction season.

Inventory and Planning

1. IRR/TTP Inventory Update Project: Red Plains Professional (RPP) has completed the data collection of approximately 2,800 miles of eligible routes. 1,258 miles have been accepted into RIFDS and are now calculating in the Official Inventory.
 2. Long Range Transportation Plan: RPP held the second round of public meetings for the project required to get the village input on the project pertaining to their future development and roadway project priorities.
 3. Safety Plan funded through FHWA's TTPSF Program: RPP prepared the 2013 funding application for the Tribe's first FHWA Safety Plan. The application was submitted on September 17th and accepted by the FHWA Review Committee. The application for funding was approved and the Tribe has received \$12,500.
-
1. Turquoise Trail – BIA Route 0004: RPP is compiling the 60% design package for submittal to the Tribe for subsequent submittal to the BIA.
 2. Bacavi Village Roads – BIA Route 0501: The Village and Hopi representation discussed the addition of "C Street" or HIR 501 Section 040 (which is official in the Inventory). This route requires full reconstruction to provide better access to the village area
 3. Kykotsmovi Village Roads – BIA Route 0503: RPP received the additional Survey for the two additional roads and tribal admin parking area. Environmental documents are 30% complete;

Phase 2 of this design for the additional design components (curb gutter, sidewalks, path, drainage structure, etc.) was submitted at 30%.

4. Second Mesa Roads – BIA Route 0506: RPP has completed the 100% set of plans and has submitted the final 100% design package to the Tribe for submittal to the BIA.
5. Polacca Roads – BIA Route 0603: RPP has completed the 100% set of plans and are awaiting the receipt of the signed FONSI from the Agency prior to the 100% design package submittal to the Tribe.
6. Hotevilla-Bacavi School Bus – BIA Route 0500: RPP presented a Task Order to the Tribe on September 17th for the proposed project.
7. Moenkopi Roads - BIA Route 0514: RPP presented a Task Order to the Tribe on September 17th for the proposed project.
